

# Electrotek Static Controls Private Limited

We are leading manufacturer and exporter of a wide range of ESD Products. Manufactured using latest technology, these products are widely demanded to meet the packaging requirements in Electronic, Electrical and Pharmaceutical industries.

## About Us

Established in the year 1993, we, Electrotek Static Controls Pvt Ltd, are engaged in the sphere of manufacturing and exporting a wide range of ESD Products. The range of these products includes ESD Safe Area, ESD Grounding, ESD Tapes & Labels, ESD Packaging Material, Material Handling Products, Storage Systems, ESD Test & Measuring Instruments and Clean Room Products. These are widely used in Electrical, Electronic, Pharmaceutical, Defense and IT & Telecommunication industries.

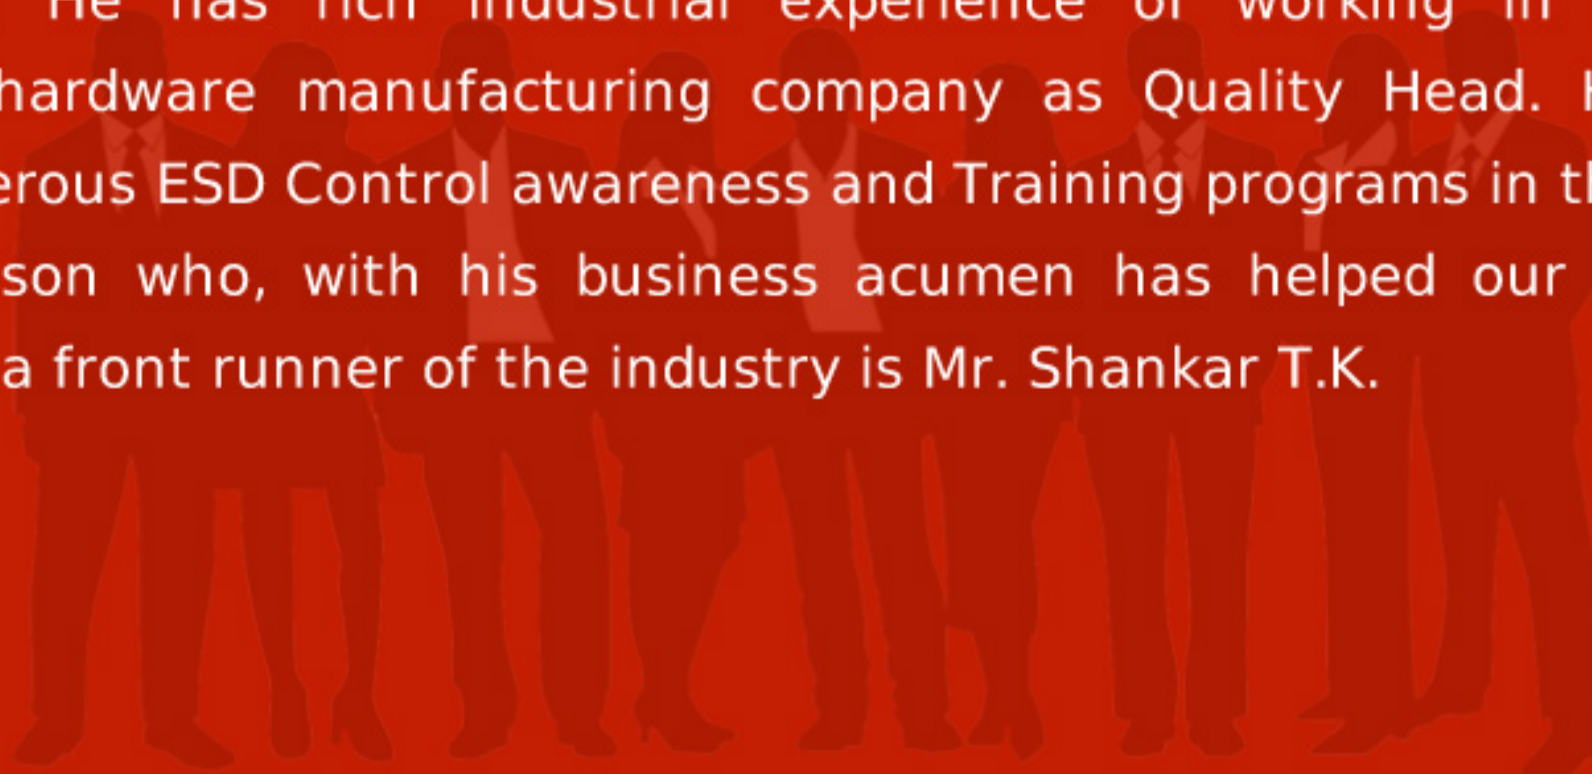

The entire range is fabricated at our ISO 9001:2000 & GMP Certified manufacturing unit that ensure optimum durability and reliability of the ESD Products. Further, these are also tested as per the SGS - ROHS Specifications that assure our clients of the credibility of the ESD Products. Our rich industrial experience allows us to develop our ESD Products with cutting edge technologies.

Being a client centric organization, we have always targeted our efforts to provide maximum satisfaction to our clients. We offer complete customized solutions to our customers so that they can get the desired products fabricated from our company. Further, we have also adopted various payment modes such as Money transfer through bank, Cash and Demand Draft to ensure hassle free transaction.

### **Our Mentors**

Our company has been founded by two young business players, Mr. Yogesh Gupta and Mr. Shankar T.K., with a vision to provide Quality ESD CONTROL & CLEANROOM PRODUCTS in India. We are the only manufacturers of ESD Products in the country.

Mr. Gupta is one of the co-founder and CEO, with a degree in Electronics Engineering. He has rich industrial experience of working in the leading electronics hardware manufacturing company as Quality Head. He has also leaded numerous ESD Control awareness and Training programs in the industry. Another person who, with his business acumen has helped our company to establish as a front runner of the industry is Mr. Shankar T.K.
